

It is with great sadness that the committee of the Monbulk Car Show announce today that the 2020 show is cancelled.

After the release of the recent "road map" by the premier, we cannot see any way that we can hold the event and comply with the government regulations or keep our entrants, vendors & spectators safe.

Unlike other shows we cannot simply move the event to summer 2021 due to the logistics of our show being run by our local CFA brigade. They will be needed elsewhere during fire season!

*To all our regular entrants and spectators, we are now determined to make 2021 our biggest show yet!*

Please continue to follow us on
